Brass Lighting Product

BRASS CABLE GRIPPER

The company has cemented its presence among the successful Manufacturers, Suppliers and Exporters of Brass Cable Gripper.

The Grippers we make available are manufactured in compliance with set industrial norms. In order to meet the bulk and urgent requirements of the buyers, we maintain a large stock of the Grippers in our state-of-the-art warehouse.

The entire range of the Grippers is reasonably priced by us.

BRASS LIGHTING PARTS

We are bracketed among the reliable Manufacturers, Suppliers and Exporters of Brass Lighting Parts.

The Lighting Parts we make available are manufactured in compliance with set industrial norms. . Courtesy our brilliant logistics network, we are capable of delivering bulk orders of these within the promised time frame.

Buyers can obtain these at market-leading rates from us. Contact us today!

Brass Forgings Part

BRASS FORGINGS PART

Owing to our rich industry experience, we are counted among the preeminent Manufacturers, Suppliers and Exporters of Brass Forging Parts we make available are highly resistant to corrosion and durable.

We have all the in-house facilities to deliver bulk orders of these within the stipulated time frame.

Buyers can obtain these at nominal rates from us.

Brass Cable Gland

A1 BRASS CABLE GLAND

We engage our-self in manufacture, supply and export a wide range of optimum quality A1 Brass Cable Gland.

Manufactured from high grade brass, these products are known in the market for their accurate dimension, resistance to corrosion and optimum durability. These products are rigorously checked by our team of quality controllers to ensure a zero defect range.

PG BRASS CABLE GLAND

Banking on our rich experience, we have been able to offer high quality PG Brass Cable Gland to our valuable customers.

These glands are manufactured from high quality stainless steel that is sourced from trusted and reliable vendors of the industry. Due to their resistance to corrosion, high tensile strength and durability, these glands are highly demanded in the market.

BRASS CABLE GLAND

In order to provide maximum satisfaction to our clients, we engage in the utilization the finest raw Materials and modern machines, for manufacturing this range of Brass Cable Gland.

Owing to this, the offered range is known to be amongst the finest that are available, in addition, its reasonable pricing, makes it highly asked for.

Brass Components

BRASS COMPONENT

Being one of the leading manufacturers and suppliers of this exiting range of Brass Component, we never compromise with its quality.

Thus we engage in the utilization of high grade raw materials and modern machines, in compliance with the set industry norms and guidelines. Also, it can be availed at most affordable rates.

BRASS PRECISION COMPONENTS

We are instrumental in offering a wide range of optimum quality Brass Precision Components to our clientele. The brass metal, which is best in market, is used for the purpose of manufacturing the offered customized brass parts.

Owing to its robust design, seamless finish and resistance to corrosion, these customized brass parts are highly appreciated among our clients.

CUSTOMIZE BRASS COMPONENT

With its superior dimensional accuracy, sturdiness, durability and resistance to corrosion, our offered range of Customize Brass Component is amongst the finest that is available in the market.

Manufactured in accordance with the set industry norms, using the finest raw materials, its quality never deteriorates.

Brass Inserts

BRASS FITTING

Due to our rich experience and vast knowledge of this domain, we have been able to offer a wide range of high quality Brass Inserts to our valuable customers. The fittings offered by us are manufactured from fine grade brass by using advanced and sophisticated machinery.

The resistance to corrosion, optimum tensile strength and dimensional accuracy of these brass fittings makes them highly demanded in the market.

BRASS UNION

Under the specified category of industrial products, we have introduced Brass Union manufactured at our workplace using latest technology.

Offered fittings are made using premium quality brass and thus, are imparted with durability & anti-corrosive nature. We have kept our price range minimal and make delivery in a convenient way.

BRASS INSERT NUT

Manufactured in compliance with the set industry norms and guidelines, quality of this range of Brass Insert Nut never deteriorates.

The finest raw materials and modern machines applied in its making, gives the product superior sturdiness, durability, dimensional accuracy. In addition, the offered range is marked at the most reasonable rate possible.

Brass Sanitary Parts

BRASS CONNECTOR

We proudly engage in manufacturing, exporting and supplying exclusive Brass Connector, designed specifically at our workplace.

It is introduced to you with perfect finish and rugged design, so that its long-term usage must be experienced. Prices offered are minimal and we make delivery in the set time frame.

Brass Nuts

BRASS HEX LOCK NUT

Our customers can procure from us Brass Hex Lock Nut, designed and developed using latest technology and premium quality materials. Offered range of nuts is used prominently in joining or affixing of any two objects, as integrated with high strength and assured durability.

Prices offered are minimal and we make delivery in a convenient way.

Brass Bolts

BRASS BOLT

We have introduced Brass Bolt under the distinguished array of products, designed and developed at our advanced infrastructure.

These bolts are used specifically to cater to the diversified industrial needs of joining or affixing two components.

Our experts carry out the manufacturing procedure precisely and thus, bring forth products of incomparable quality standard.

BRASS SPLIT BOLT

We are considered in the market to be one of the leading manufacturers and suppliers of this range of Brass Split Bolt.

The finest raw materials and modern machines applied in its making, gives the product superior sturdiness, durability and resistance to corrosion. Further, its reasonable pricing, makes the product highly asked for.

SURABRAS INDUSTRIES

Brass Nipple

BRASS PIPE NIPPLE

With the aid of our skilled personnel, we have brought forward an exciting Brass Pipe Nipple, to cater diversified industrial needs of our clients.

These nipples are manufactured using premium quality materials & latest technology and are available with assured durability. As being resistant to corrosion, these nipples are used widely.

Brass Fasteners

BRASS ANCHOR FASTENER

With the aid of our committed approach, we have introduced Brass Anchor Fastener, designed & developed in conformity with the approved industry norms.

Offered products are made using premium quality materials and latest technology, available in various specifications.

Prices offered are minimal and we make delivery in a convenient way.

BRASS FASTENER

For our privileged customers, we have brought forward Brass Fastener, manufactured in accordance with the approved industry norms.

Offered fasteners are manufactured utilizing the latest technology and premium quality materials, under the relentless surveillance of our expert professionals.

Clients can purchase these products with the assurance of flawless configuration, available at market leading prices.

BRASS PLAIN WASHER

BRASS PLAIN WASHER

We have introduced Brass Plain Washer under the extensive array of products. Our experts carry out the manufacturing procedure following & maintaining stringent quality protocols and thus, offer products with flawless designs. Having high tensile strength and optimum finish, offered washers are in huge demand in the market.

Features:

Excellent finish

Anti-corrosive

Easy to install

BRASS NEUTRAL LINK

BRASS NEUTRAL LINK

For the purpose of providing the finest Brass Neutral Link, we engage in the utilization of high grade raw materials and modern machines. Owing to this, the offered range has a superior sturdiness, durability and resistance to corrosion. In addition, for quality standardization, the offered range is manufactured in compliance with the set industry norms and guidelines.

Features:

Sturdy

Unmatched durability

Resistant to corrosion
